

How to Set Up and Protect Your ID.me Account

ID.me

California EDD has partnered with ID.me to create a secure identity verification process that ensures you, and **only you**, will be able to access your unemployment benefits.

In just a few short steps, you'll create your ID.me login, secure your account, and verify your identity.

If you got an email from EDD to Verify Your Identity:

- Please **click the link** that says: *"Verify Your Identity Now."*
- You will be **directed to a webpage** with the title "Verify Your Identity with ID.me"
- Please **click the green "Verify with ID.me" button** to begin your identity verification process. Follow the guidance below to verify.

What You'll Need:

Email Address

Mobile Phone
with Camera

Social Security
Number

Laptop or
Computer (optional)

Photo ID (Driver's License,
Passport, Passport Card,
or State ID)

Set Up Your ID.me Account

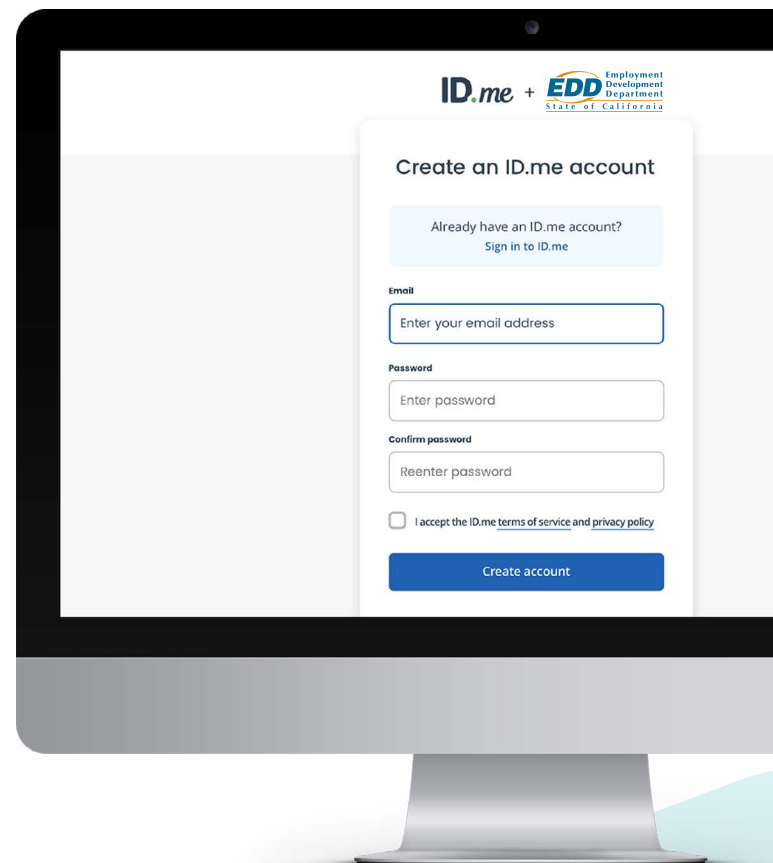

If you already have an ID.me account, you can **simply sign in** by clicking “Sign in to ID.me” and entering your login credentials. Otherwise, follow the steps below.

STEP 1

To **create your ID.me account**, enter an email address you can access and choose a password. Click the checkbox to accept ID.me’s terms and conditions and privacy policy. Then, click “Create account.”

STEP 2

Check your inbox for an email from ID.me. Click the button in the email to **confirm your email address**. Then, return to your browser. The page will automatically move forward to the next step.

Secure Your Account

Completing this step makes your account more secure

To **protect your account**, you'll set up extra security called multi-factor authentication (MFA). MFA uses a one-time passcode that is sent to your phone or generated via a mobile app each time you log in.

STEP 1

Choose an MFA option. You can receive a passcode via text message or phone call. You can also choose one of the other listed methods which use a phone app or physical key fob to securely send the passcode.

STEP 2

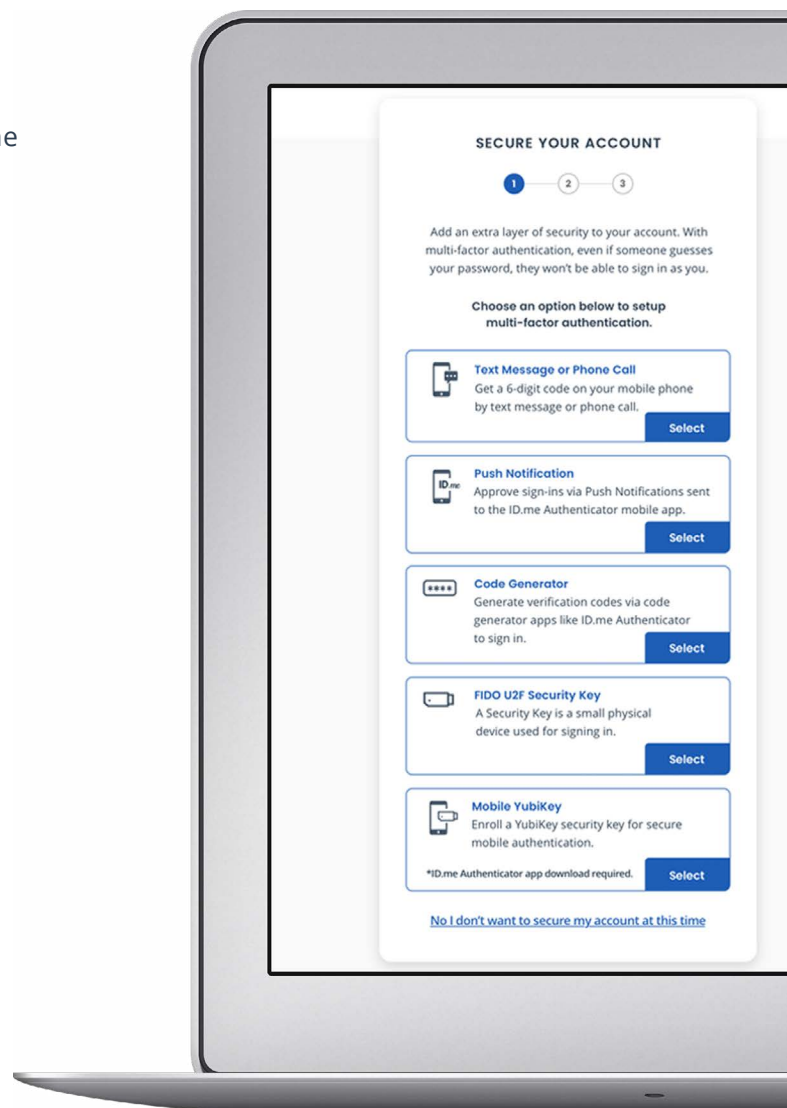

Most people choose to send the passcode to their phone. **Just enter your phone number** and then check your text messages or answer the phone to receive your 6-digit passcode.

STEP 3

Back on your browser, **enter the 6-digit passcode** and click continue.

STEP 4

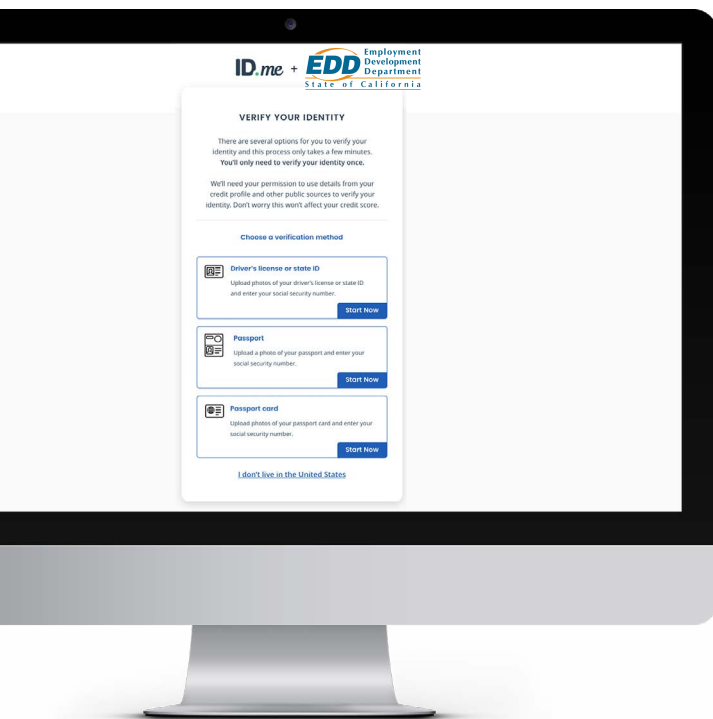

If you want, you can **generate and save a recovery code**. The recovery code allows you to access your account even if you don't have the phone or device you used to set up MFA.

Verify Your Identity

Completing this process once also allows you to access other sites that offer ID.me as a sign-in option.

Proving your identity is as simple as uploading a photo of your government ID and taking a selfie. By verifying your identity through ID.me, your state unemployment agency ensures that you, and only you, are able to receive access to your unemployment benefits.

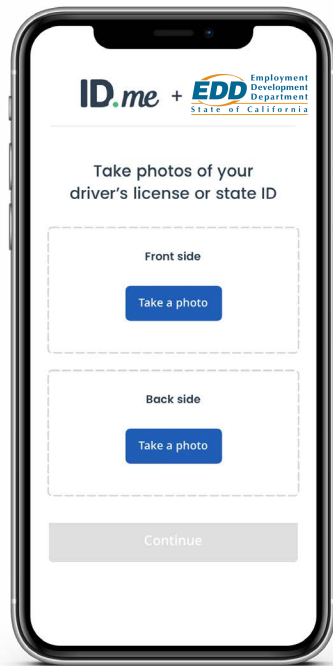

STEP 2

Either **upload existing photos** from your desktop OR **type in the phone number** of a cell phone that can take pictures. If you choose to take pictures with your phone, ID.me will text you a secure link that will open your phone camera.

STEP 1

Choose a document type to submit: driver's license, state ID, passport, or passport card.

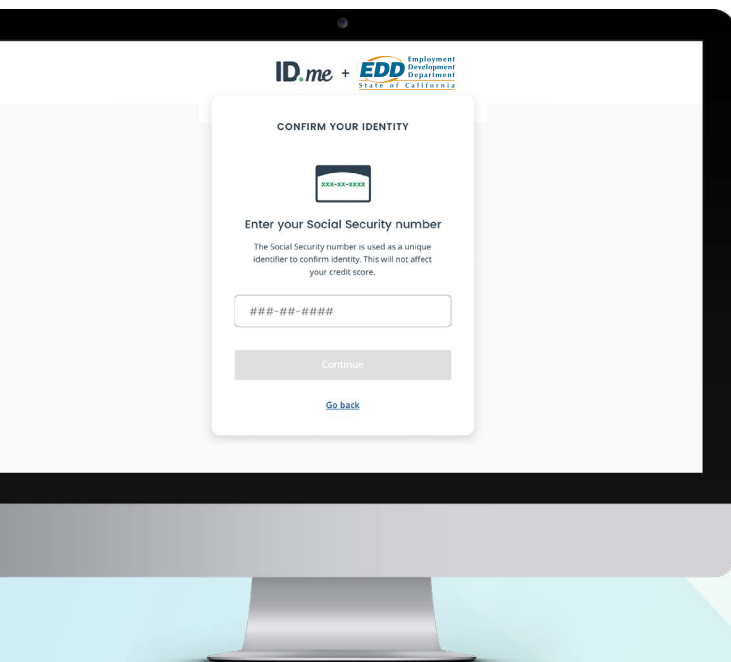

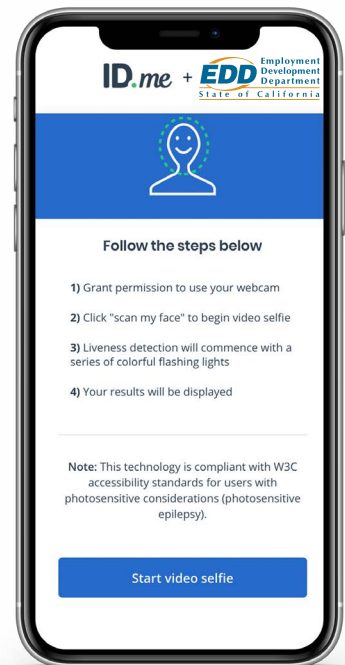

STEP 3

Follow the instructions to **take pictures of your ID**. For a driver's license, state ID, or passport card, remember to take a photo of the front and back. When you're satisfied with the photos, click continue.

STEP 4

Follow the instructions to take a **video selfie**. Ensure you're in a well-lit area. You'll be asked to look at the colors on your phone screen while ID.me takes a short video selfie to verify that you're really you.

STEP 5

The final step to verify your identity is to enter your Social Security number.

Why does ID.me ask for this?

Confirm and Authorize

You're almost there!

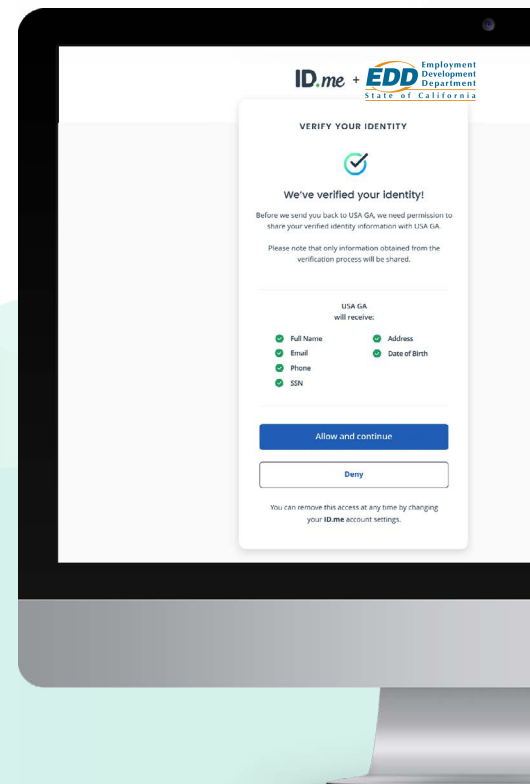

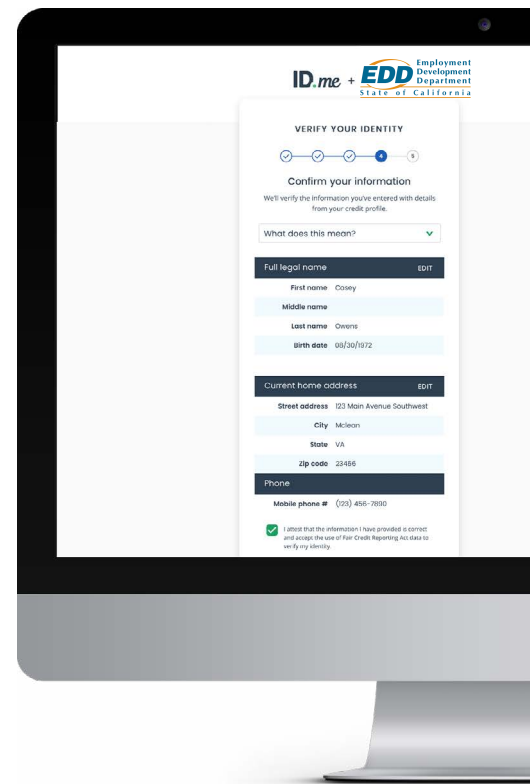

The last step is to confirm your information and authorize ID.me to securely share your identity verification information with your state unemployment agency. ID.me will never share your information without your permission.

STEP 1

Make sure that all your information is **accurate and complete**. If it is, check the box attesting that the information is accurate, and then click continue. If not, hit the edit buttons to make changes.

STEP 2

You'll see a message saying that your identity has been successfully verified. By clicking **"Allow and continue,"** ID.me will be able to send your information to the agency and you will be granted access to your account.

YOU'RE ALMOST THERE

Why am I seeing this?

Get Stuck Along the Way?

At ID.me we have a **No Identity Left Behind** mission. If you get stuck along the way, we are here to help. You'll see a screen inviting you to connect with an ID.me team member via video call who will verify your identity in moments.

If you have additional questions, please navigate to [help.id.me](#) and ask our virtual assistant or submit a request. Our member support team is available 24 hours a day, 7 days a week and will get back to you as soon as possible.
